### Top 15 Announcement

I would like to congratulate all the top 15 athletes in each gender and age category selected for training in January 2009-June 2009. I would like to encourage all alternates to keep training and keep striving to be top 15, as the team announced today is not necessarily the team for tomorrow. An alternate can be called up at any time to train with the team and/or replace a player on the list.

I would like to thank and recognize the following coaches for help and support on the selection of the teams and for all their help at the selection camps:

Ferenc Vindish

John Stockdale

Justin Mitchell

Nicola Maric

Shane Pope

Steve Elwood

Stuart Preston

I will be inviting 13 athletes for each team to centralization in July and competition in Hawaii in early August. **All athletes will be continuously evaluated and their spot is not necessarily secured.** Athletes that attended the selection camps or that had National Team program commitments and could not attend the camps will only be eligible for this year's program. In an event that all alternates have been contacted, the coaching staff will then scout players that did not attend the training camps and invite them to training.

Athletes in the top 15 will be required to sign a player contract and code of conduct that will be found on the BCWPA website in January. The contract will entail certain criteria that must be upheld to be a part of the program, for example; attending all club practices and Team BC practices.

Training will consist of once a week on the weekends for both genders. I am looking to have the Men's program train at Vancouver Aquatic Centre Saturday Mornings from 9:30am-1pm. The women's program is looking to train out of Walnut Grove Community Centre from 6-8am on Sunday mornings. Once I have confirmed the practice times, I will be posting the practice times on the BCWPA website.

Training from January – June 09 will cost \$275 per athlete. The cost for centralization in July and competition will run from \$1500-\$1800. A fundraising and sponsorship campaign will be put together in January to decrease the cost per athlete for the trip. To confirm your spot with Team BC, please send an email to Ian Mitchell at [ianmitchell@shaw.ca](mailto:ianmitchell@shaw.ca) by December 31, 2008 stating that you will be participating in the program.
